

BODHAM PONDS PROJECT.

CHURCH FARM POND THREE. TUESDAY 12TH SEPTEMBER 2017.

Nature is usually best left to its own devices.

However; an occasional helping hand does no harm.

“It’s the first wind that has blown across this pond in ages!” (Carl’s words.)

It awakened the now liberated water, ruffling its face, whilst the “Spirits of the Field” looked on, smiling their approval...

P.S. Gill heard Carl’s words, and thought them rather poetic.
